WP5 Meeting on Open Science and Open Research Data

<u>Date</u>: 21st and 22nd March 2023

<u>Venue</u>: Cadiz Campus, University of Cadiz, Spain

This meeting forms part of the reSEArch-EU WP5 Task 5.4 activities. It is intended to promote the direct interaction of the project Open Science Ambassadors (OSAs) with the Open Research Data Officers (ORDOs). At this point in the project implementation, it is necessary that the OSAs gain detailed knowledge on the project deliverables in Tasks 5.1/2/3 where the ORDOs have already prepared a SEA-EU Research Data Management Policy Framework, and are preparing to synergise the partner universities to apply Open Science practices and principles. Meanwhile, the OSA programme is entering its most effective phase where the role of the OSAs will be amplified with interventions on outreach and awareness, on promotion, education and discussion with users on the benefits of OS, ORD and the value of sharing research outputs and data generally. The programme is also intended to strengthen the role of the OSAs in empowering and supporting users, and a 'Train the Trainers' session will be organised on Day 2 of the meeting to guide the OSAs in their delivery to enable and effectively provide the tools to users.

All the partner universities are expected to send their designated OSAs and ORDOs to participate physically at this meeting.

Participants from the three newly-joined SEA-EU partner universities are invited to attend through their own resources. Similarly, connections will be sought to involve CONEXUS and their parallel activities in the EU-CONEXUS RSS project.

Places:

 Location: Centro de Transferencia Empresarial El Olivillo

	Tuesday, 21ˢᵗ March 2023
09:00	Registration and welcome coffee
09:15	Welcome addresses: • Fidel Echevarría (SEA-EU General Coordinator) • M. Laura Martin Diaz (Head, reSEArch-EU) to introduce the overall scope of the event. • Godfrey Baldacchino (WP5 Leader) to present the meeting programme for the two days.
09:45	The **SEA-EU Research Data Management Policy (D5.2)**: open discussion *Moderator: Josianne Camilleri Vella* • Introductory presentation by Kevin (**15'**) • Round of presentations (**5'** each): <u>how the SEA-EU institutions are implementing Open Science Principles and Practices</u> Link: https://zoom.us/j/91889778102
10:30	Analysis of the RDM Survey Results • Presentation by Raelene Galea (15") The **Research Data Management Toolkit (D5.2)**: Open discussion and contributions by the OSAs *Moderator: Ljiljana* Poljak Bilić • Introductory presentation by *Ljiljana* Poljak Bilić (20") • Clarifications • Fundamental and additional elements • Required support from the OSAs • Questions by OSAs and answers by ORDOs Link: https://zoom.us/j/91889778102
11:15	*Refreshment Break*
11:30	Recording of the video capsules about Open Science
13:30	*Lunch Break*
14:30	The **SEA-EU ORD System (D5.3)**: expectations set out in the Description of Action and achievements made up to the moment. • Presentation by the WP leader (**20'**) • Questions and answers (**10'**) Link: https://zoom.us/j/91889778102

15:00	The **SEA-EU ORD System (D5.3)**: Linking ORD infrastructure across the SEA-EU Alliance with OpenAIRE Connect Miriam Baglioni, Researcher at Networked Multimedia Information Systems (NeMIS) lab, Istituto di Scienza e Tecnologie dell'Informazione (ISTI), CNR, Italy Link: https://zoom.us/j/91889778102
16:15	Visit/s to the Open Science and the Open Research Data infrastructure at the University of Cadiz • Presentation by the Library Staff about the institutional repository (RODIN) of the University and the initiatives carried out to support researchers in the implementation of Open Science practices *(45')*.
17:15	Adjournment

	Wednesday, 22nd March 2023
09:00	**Setting the scene and scope of the day** *Moderators : Godfrey Baldacchino or Aldo Drago (UM)* The session will be run in an interactive and practical mode with the interventions of both ORDOs and OSAs. It is meant to encourage: (i) the sharing of experiences and lessons learnt from these; and (ii) jointly building new material and deliverables to be used by OSAs in their programme. Link: https://zoom.us/j/91889778102
10:00	**Training initiatives (D5.5)**: The evolving landscape of DMPs and how ARGOS contributes Elli Papadopoulou, ARGOS Production Manager, ATHENA Research and Innovation Centre *(online)*. Link: https://zoom.us/j/91889778102
11:15	*Refreshment break*
11:30	**Practical session for OSAs** *Moderators: Katarzyna Swierk, Aldo Drago and Godfrey Baldacchino* • The participants are divided into three groups and are tasked to create an OS project composed of complimenting activities to be elaborated and used in the project OSA programme of activities. *(90')*
13:00	*Lunch break*

14:30	**Practical session for OSAs** (cont.) *Moderators: Katarzyna Swierk, Aldo Drago and Godfrey Baldacchino* • The participants present their projects, and proposed activities are discussed. **(90')** • Closing of the 'Train the Trainers' session **(15') –** Project presentation by each group – 15 minutes/group
16:15	**Open discussion** (ORDOs and OSAs) • ***Challenges to complete the WP5 tasks. (60')***
17:15	Adjournment
